

## Latvian National Accreditation Bureau

Signatory of the Multilateral Agreement of the European Cooperation for Accreditation (EA MLA)  
In the field of accreditation of testing and calibration laboratories, certification bodies for  
products, persons and management systems, inspection bodies and verification bodies

# ACCREDITATION CERTIFICATE\*

State Agency "Latvian National accreditation bureau"  
confirms that

### Limited Liability Company "VIDES AUDITS" Laboratory

Dzerbenes street 27, Riga, LV-1006

is competent to carry out testing according to the requirements of standard  
LVS EN ISO/IEC 17025:2005 in the voluntary scope:

fixed scope: sampling of drinking water, underground water /groundwater, surface water, bathing water, wastewater, soil/ground;  
sampling of water for microbiological testing; physico-chemical testing of drinking water, underground water /groundwater, surface  
water, bathing water, wastewater, soil/ground, organic fertilizers, sludge, waste/slag, solid biofuels; microbiological testing of water,  
washings from surfaces; microbiological testing of organic fertilizers; sampling and testing of emissions from stationary sources,  
outdoor and indoor air; olfactometrical testing of air; measurement of environmental noise, indoor environmental noise and  
occupational noise (Annex 1)

flexible scope: physico-chemical testing of the environmental samples, biological material, solutions, waste/slag, organic fertilizers,  
biofuels, air; determination of moisture, ashes, suspended solids, metals, anions and cations, volatile and semivolatile organic  
compounds, calorific value; determination of total microbial count (Annex 2 and 3)

in accordance with LVS EN ISO/IEC 17025:2005 standard and Regulations of  
Cabinet of Ministers of Republic of Latvia in the mandatory scope:

fixed scope: sampling of the drinking water, underground water /groundwater, surface water, bathing water, wastewater,  
soil/ground; microbiological testing of the drinking water, underground water /groundwater, bathing water, organic fertilizers;  
chemical and physico-chemical testing of drinking water, underground water /groundwater, surface water, bathing water,  
wastewater, soil/ground, organic fertilizers, sludge, waste/slag; sampling and testing of emissions from stationary sources,  
environmental and working environmental air; olfactometrical testing of air; measurement of environmental noise, indoor  
environmental noise and occupational noise (Annex 4)

Accreditation Certificate is valid until 2022, May 13.

The scope of accreditation is defined in the Annex 1 on 13 pages, Annex 2 on 2 pages,  
Annex 3 on 3 pages, Annex 4 on 18 pages, and is an integral parts of this accreditation  
certificate.

LATAK registration No **LATAK-T-261-18-2002**

Riga, 2018, May 21

S. Bērziņa

Acting Director of the State agency  
"Latvian national accreditation bureau"

U. Zilbere

Chair of accreditation  
committee

\*This accreditation certificate is translation from original certificate in Latvian. In case of dispute, the certificate in Latvian has priority.
